

Step1: Clip Segmentation

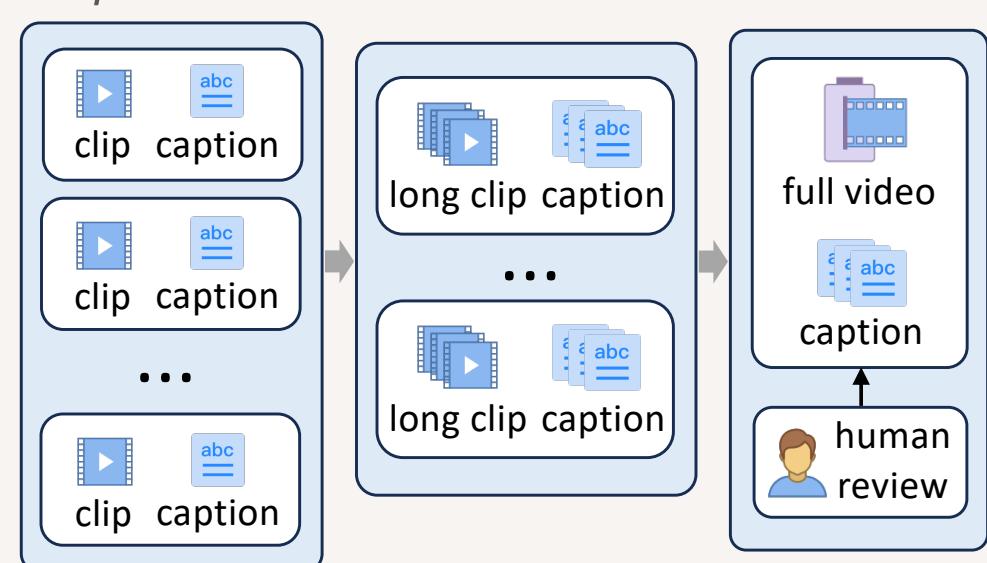

Step2: Caption Generation

Caption Generation

You are a video analysis assistant, and your task is to provide a detailed and structured description of the provided video. Please describe the content of the video, including key events, scene settings, character actions, and overall style. Your description should be clear, coherent, and thorough, with as much detail as possible.

Step3: Full Video Construction

Caption Aggregation

You are an expert rewriter. Please integrate the following two paragraphs in a way that demonstrates logical flow and sequential coherence.
